Product(s):

CRS200 Lining Mix

Report:

Guardian Test Report: B36299; Test Dates: 10/12/1999 through 11/23/1999

Standards tested to: UL 1777, Standard for Chimney Liners
ULC-S635-M90, Lining Systems for Masonry Chimneys

Eastern Shore's CRS200 mix is manufactured in dry powder form. The mix is sold to factory-trained, qualified dealers.

It is a cementitious material with light weight aggregates.

For casting the liner, the dry mix is mixed at the job site with potable water, approximately 3.5 gallons per 60-pound bag.
